OBJECTIVE

Motivated Applied Biology graduate from Bahir Dar University with one year of teaching experience in primary education. Seeking an opportunity to combine my knowledge of biology, teaching skills, and growing programming abilities to develop innovative, technology-based solutions for biology education and learning. Passionate about continuous learning, digital innovation, and using technology to make science more engaging and accessible.

JOB EXPERIENCE

**Mesjidel Sofa Acadamy Teacher November 2025 -
jannuaru 2026**

Mathematics Teacher | Primary School Taught mathematics to primary-level students for one year, using clear and engaging teaching methods to support students' understanding and academic progress. Developed strong communication, classroom management, problem-solving, and organizational skills while maintaining a consistent and supportive learning environment. Adapted lessons to students' different learning needs and encouraged active participation and confidence in mathematics.

Project Title:To Do List App

Description:Developed a user-friendly application designed to record, organize, and manage day-to-day activities and important notices. The app helps users keep track of daily tasks, activities, and announcements, making it easier to stay organized and informed. This project strengthened my skills in application development, problem-solving, user interface design, and data management.

Duration:4 Hours

Role: To Practice Coding
